

The following positions are hereby advertised for existing IMSC personnel working with NLNG. Kindly take note of the following directives:

- Suitably qualified candidates are to send in their CV **clearly indicating the position applied for in the email title and on the CV** to **careers@doverengineering.com**.
- Applications to this internal advert would only be received from **7th – 11th December 2020**. This would be followed subsequently with certificate verification.
- Candidates are advised to apply for positions that **represent their current job role and departments; incumbents are given priority in consideration**.
- For currently **Vacant Positions** (positions without incumbents) **all eligible applicants have equal chances**.

INTERNAL ADVERT

S/N	Job Title	Specific Requirements	General Requirements
1	Shutdown Planner / Schedulers (PMT)	BSc/HND in Engineering plus a minimum of 7 years experience in oil and gas installations • Able to use key planning tools like Primavera and ERP systems. • Experience in development and production of work scope and cost estimating. • Extensive working knowledge of all relevant engineering standards and codes of practice relevant to work with NLNG.	BSC, HND in relevant or related discipline or equivalent + relevant experience + computer Literacy
2	QA/QC Engineers (PMT)	Min of 5 Years Experience; at least 3 years direct experience on the professional discipline in O&G	BSC, HND in relevant or related discipline or equivalent + relevant experience + computer Literacy
3	Shutdown Discipline Coordinators (Mech, Elect, Instr.)-(PMT)	• BSc/HND in Engineering plus: • A minimum of 10 years of engineering experience, 5 years of relevant experience; and • An extensive working knowledge of all relevant engineering standards and codes of practice relevant to work with NLNG. • Demonstrated ability in implementing shutdown and turnaround activities, monitor and control planning activities through all phases of the shutdown lifecycle, optimize	Relevant recognised certificates and qualifications for engineering practice • Experience with NLNG facilities would be preferred

		shutdown plans and schedules and prepare required data and updates for stakeholder engagements. • Experience with NLNG facilities preferred.	
4	Shutdown Engineers (PMT)	Min of 5 Years Experience; at least 3 years direct experience on the professional discipline in O&G • Able to use key planning tools like Primavera and ERP systems. • Experience in development and production of work scope and cost estimating. • Extensive working knowledge of all relevant engineering standards and codes of practice relevant to work with NLNG	BSC, HND in relevant or related discipline or equivalent + relevant experience + computer Literacy
5	Materials and Warehouse Co-ordinators (PMT)	Professional Cert in Purchasing and Supply, CIPS etc. +Min of 10 Years Experience; at least 5 years direct supervision experience on the specific discipline in O&G	BSC, HND in relevant or related discipline or equivalent + relevant experience + computer Literacy
6	Logistics Supervisors (PMT)	Min of 7 Years Experience; at least 3 years direct supervision experience on the specific discipline in O&G (SSCE plus Internationally Accredited Technical (Professional) Certification acceptable)	OND in any Discipline + computer Literacy +2 yrs. work experience in an Oil & Gas industry or related industry.
7	Mechanical Work planners (PMT)	Professional Cert in M/E/I/C/F, etc. +Min of 7 Years Experience; at least 3 years direct supervision experience on the specific discipline in O&G	BSC, HND in relevant or related discipline or equivalent + Discipline certification + relevant experience + computer literacy
8	Electrical Work planners (PMT)		
9	Instrument Work planners (PMT)		
10	Field Services Coordinator (PMT)	Min of 7 Years Experience; at least 3 years direct supervision experience on the specific discipline in O&G (SSCE plus Internationally Accredited Technical (Professional) Certification acceptable)	BSC, HND in relevant or related discipline or equivalent + Discipline certification + relevant experience + computer literacy

11	QA/QC ENGINEERS(PIM)	Min of 5 Years Experience; at least 3 years direct experience on the professional discipline in O&G	BSC, HND in relevant or related discipline or equivalent + relevant experience + computer Literacy
12	QA/QC SPECIALISTS(PIM)	Min of 5 Years Experience; at least 3 years direct experience on the professional discipline in O&G	BSC, HND in relevant or related discipline or equivalent + relevant experience + computer Literacy
13	IAMS Engineer/ Maintenance Planner (Planning Engineer) (PII)	Min of 5 Years Experience; at least 3 years direct experience on the professional discipline in O&G	BSC, HND in relevant or related discipline or equivalent + relevant experience + computer Literacy
14	TRICONEX ENGINEER (Instrument Engineer) (PII)	Min of 5 Years Experience; at least 3 years direct experience on the professional discipline in O&G	BSC, HND in relevant or related discipline or equivalent + relevant experience + computer Literacy
15	AMADAS/CTM ENGINEER Instrument Engineer(PII)		
16	PCD ADMINISTRATOR (Instrument Engineer) (PII)		
17	Instrument Field Engineers (Instrument Engineer) (PII)		
18	PCD Security Engineers (Instrument Engineer) (PII)		
19	Lifting & Rigging Co-ordinator(PMS)		
20	Lifting work planner/verifier Others (PMS)	Min of 7 Years Experience; at least 3 years direct supervision experience on the specific discipline in O&G	OND in relevant or related discipline or equivalent + professional certification + relevant experience + computer literacy

21	Work Access Co-ordinator (PMS)	Minimum BSC/HND in relevant field + minimum of Five (5) year's cognate relevant work experience within relevant areas. Must be certified to OPITO RIGGING & LIFTING LEVEL 3 or equivalent qualifications.	BSC, HND in relevant or related discipline or equivalent + relevant experience + computer Literacy
22	Work Access Engineer / QA/QC (PMS)	Min of 5 Years Experience; at least 3 years direct experience on the professional discipline in O&G	BSC, HND in relevant or related discipline or equivalent + relevant experience + computer Literacy
23	Work Access work planner/verifier Others (PMS)	Min of 7 Years Experience; at least 3 years direct supervision experience on the specific discipline in O&G	OND in relevant or related discipline or equivalent + professional certification + relevant experience + computer literacy
24	HVAC Maintenance Coordinators (PMS)	Minimum BSC/HND in relevant field + minimum of Five (5) year's cognate relevant work experience within relevant areas in HVAC, cooling, refrigeration engineering.	BSC, HND in relevant or related discipline or equivalent + relevant experience + computer Literacy
25	Lighting Maintenance Coordinator (PMS)	Minimum BSC/HND in relevant field + minimum of Five (5) year's cognate relevant work experience within relevant areas in electrical engineering and illumination.	BSC, HND in relevant or related discipline or equivalent + relevant experience + computer Literacy
26	Cost Engineer / Quantity Surveyors (PMS)	Professional Certs in M/E/I/C/F, Scaff, Cranes, Rig, Fab, etc. Min of 10 Years Experience; at least 5 years direct experience on the professional discipline in O&G	BSC, HND in relevant or related discipline or equivalent + professional certification + relevant experience + computer literacy
27	Maintenance Contracts Efficiency Coordinator (PMS)	Minimum BSC/HND in relevant field + minimum of Five (5) year's cognate relevant work experience within relevant areas or productivity and work measurement.	BSC, HND in relevant or related discipline or equivalent + professional certification + relevant experience + computer literacy

28	Maintenance Contracts HSE Coordinator(PMS)	Minimum BSC/HND in relevant field + minimum NISP HSE Competency Level 3/International General Certificate in occupational health and safety (IGC)/NEBOSH general Certificate or equivalent + minimum of Five (5) year's cognate relevant work experience	BSC, HND in relevant or related discipline or equivalent + professional certification + relevant experience + computer literacy
29	Maintenance Contracts Infrastructure and Logistics Coordinator(PMS)	Minimum BSC/HND in relevant field + minimum of Five (5) year's cognate relevant work experience within relevant infrastructure maintenance or logistics area.	
30	Maintenance / Recycle Yard Facility Engineer(PMS)	Min of 5 Years Experience; at least 3 years direct experience on the professional discipline in O&G	BSC, HND in relevant or related discipline or equivalent + relevant experience + computer Literacy
31	Recycle Yard Storeman(PMS)	Min of 5 Years (3 years for entry level positions) direct maintenance experience on the specific discipline in O&G, demonstration of acquired skills	SSCE + trade test + relevant experience
32	Rigging Store supervisor(PMS)	Min of 7 Years direct maintenance experience (for SSCE) or 4 years for OND) on the specific discipline in O&G, demonstration of acquired skills	OND or equivalent + relevant experience
33	Rigging Storeman(PMS)	Min of 5 Years (3 years for entry level positions) direct maintenance experience on the specific discipline in O&G, demonstration of acquired skills	SSCE + trade test + relevant experience
34	Scaffold Store supervisor(PMS)	Min of 7 Years direct maintenance experience (for SSCE) or 4 years for OND) on the specific discipline in O&G, demonstration of acquired skills	OND or equivalent + relevant experience
35	Scaffold Storeman(PMS)	Min of 5 Years direct maintenance experience on the specific discipline in O&G, demonstration of acquired skills	SSCE + trade test + relevant experience

36	Maintenance Support Engineer (Expat) (PMS)	Minimum BSC/HND in relevant field + minimum of Five (5) year's cognate relevant supervisory work experience in computerised maintenance systems operations and/or implementation.	BSC, HND in relevant or related discipline or equivalent + professional certification + relevant experience + computer literacy
37	Maintenance Systems Coordinator (PMS)	Minimum BSC/HND in relevant field + minimum of Five (5) year's cognate relevant supervisory work experience in computerised maintenance systems operations and/or implementation.	BSC, HND in relevant or related discipline or equivalent + professional certification + relevant experience + computer literacy
38	Database Analyst (PMS)	Minimum BSC/HND in relevant field + minimum of three (3) year's cognate relevant work experience in maintenance database analysis, operations, data analysis and/or implementation.	
39	Maintenance Systems Analyst (PMS)	Minimum BSC/HND in relevant field + minimum of three (3) year's cognate relevant work experience in maintenance systems operations, data analysis and/or implementation.	BSC, HND in relevant or related discipline or equivalent + professional certification + relevant experience + computer literacy
40	NLNG Cranes / HGV / Equipment Coordinator (PMS)	Heavy duty vehicle Coordinator must possess a minimum of BSc/HND + Trade Certificate + at least 5 years relevant experience supervising HGVs operations + Competency Certificate from a recognized organisation/body.	BSC, HND in relevant or related discipline or equivalent + professional certification + relevant experience + computer literacy
41	Job Assessor / on the Job Trainer (Mech) (PMS)	Min of 10 Years Experience in the relevant Maintenance Discipline; at least 5 years direct experience on the professional discipline in O&G	BSC, HND in relevant or related discipline or equivalent + professional certification + relevant experience + computer literacy
42	Job Assessor / on the Job Trainer (Inst) (PMS)	Min of 10 Years Experience in the relevant Maintenance Discipline;	BSC, HND in relevant or related

		at least 5 years direct experience on the professional discipline in O&G	discipline or equivalent + professional certification + relevant experience + computer literacy
43	Job Assessor / on the Job Trainer (Expat Mech) (PMS)	Min of 10 Years Experience in the relevant Maintenance Discipline; at least 5 years direct experience on the professional discipline in O&G	BSC, HND in relevant or related discipline or equivalent + professional certification + relevant experience + computer literacy
44	Job Assessor / on the Job Trainer (Expat Inst) (PMS)		
45	Job Assessor / on the Job Trainer (Expat Elect) (PMS)		
46	Lifting work planner/verifier (PCM)	Min of 7 Years Experience; at least 3 years direct supervision experience on the specific discipline in O&G	OND in relevant or related discipline or equivalent + professional certification + relevant experience + computer literacy
47	Lifting work planner/verifier (PCN)		
48	Lifting work planner/verifier (PTM)		
49	Lifting work planner/verifier (PMN)		
50	Work Access work planner/verifier (PCM)		
51	Work Access work planner/verifier (PCN)		
52	Work Access work planner/verifier (PTM)		
53	Work Access work planner/verifier (PMN)		
54	ROTATING EQUIPMENT MONITORING SPECIALISTS (PTI)	Min of 5 Years Experience; at least 3 years direct experience on the professional discipline in O&G	BSC, HND in relevant or related discipline or equivalent + relevant experience + computer Literacy
55	MECHANICAL QA/AC SPECIALISTS (PTI)	Min of 5 Years Experience; at least 3 years direct experience on the professional discipline in O&G	BSC, HND in relevant or related discipline or equivalent + relevant experience + computer Literacy

56	SPARES SPECIALIST(PTI)	Min of 5 Years Experience; at least 3 years direct experience on the professional discipline in O&G	BSC, HND in relevant or related discipline or equivalent + relevant experience + computer Literacy
57	Mechanical Technicians (PCM)	Minimum of OND in Mechanical Engineering or City & Guilds Advance Diploma in Mechanical. Others eligible are B.Eng. in Mechanical, Marine, Petroleum, or related engineering discipline.	OND or equivalent + Min of 5 Years (3 years for entry level positions) direct maintenance experience on the specific discipline in O&G, demonstration of acquired skills
58	Electrical Technician(PCM)	Must possess a minimum of OND in Electrical Engineering, Electrical/Electronic Engineering, Physics/Electronics Engineering or City & Guilds Advance Diploma in Electrical installation. Others eligible are holders of HND/B.Eng. in Mechanical, Marine, and Chemical Engineering.	OND or equivalent + Min of 5 Years (3 years for entry level positions) direct maintenance experience on the specific discipline in O&G, demonstration of acquired skills
59	Instrument Technicians (PCM)	Must possess a minimum of OND in Electrical, Electrical/Electronic Engineering, Mechanical, Physics/Electronics Engineering or City & Guilds Advance Diploma in Electrical installation. Others eligible are holders of HND/B.Eng. in Mechanical, Marine, and Chemical Engineering.	OND or equivalent + Min of 5 Years (3 years for entry level positions) direct maintenance experience on the specific discipline in O&G, demonstration of acquired skills
60	Snr Instrument Technician (Team Lead) (PCM)	Must possess all relevant qualification, certification and relevant experience required for their various Technician disciplines in addition to being a certified NLNG permit to work (PTW) holder	OND + min of 7 Years direct maintenance experience on the specific discipline in O&G, demonstration of acquired skills + computer literacy
61	Specialist Instrument work planner(PCM)	Min of 7 Years Experience; at least 3 years direct supervision experience on the specific discipline in O&G	OND in relevant or related discipline or equivalent + professional certification +
62	Field Instrument work planner(PCM)		

63	Mechanical work planner(PCM)		relevant experience + computer literacy
64	Electrical work planner(PCM)		
65	Scheduler (PCN-B)	BSc/HND in Engineering plus a minimum of 7 years experience. <ul style="list-style-type: none"> • Able to use key planning tools like Primavera and ERP systems. • Experience in development and production of work scope and cost estimating. • Extensive working experience in NLNG. 	BSC, HND in relevant or related discipline or equivalent + relevant experience + computer Literacy
66	Work Planner (Mechanical) (PCN-B)	Min of 7 Years Experience; at least 3 years direct supervision experience on the specific discipline in O&G	OND in relevant or related discipline or equivalent + professional certification + relevant experience + computer literacy
67	Work Planner (Instrumentation) (PCN-B)		
68	Work Planner (Electrical) (PCN-B)		
69	Mechanical Specialist (Expat) (PCN-B)	Min of 5 Years Experience; at least 3 years direct experience on the professional discipline in O&G	BSC, HND in relevant or related discipline or equivalent + relevant experience + computer Literacy
70	Mechanical Specialist (PCN-B)	Min of 5 Years Experience; at least 3 years direct experience on the professional discipline in O&G	BSC, HND in relevant or related discipline or equivalent + relevant experience + computer Literacy
71	Instrument Specialist (PCN-B)	Min of 5 Years Experience; at least 3 years direct experience on the professional discipline in O&G	BSC, HND in relevant or related discipline or equivalent + relevant experience + computer Literacy
72	Scheduler (PCN-C)	BSc/HND in Engineering plus a minimum of 7 years experience. <ul style="list-style-type: none"> • Able to use key planning tools like Primavera and ERP systems. • Experience in development and production of work scope and cost estimating. • Extensive working experience in NLNG. 	BSC, HND in relevant or related discipline or equivalent + relevant experience + computer Literacy
73	Work Planner (Instrument) (PCN-C)	Min of 7 Years Experience; at least 3 years direct supervision	OND in relevant or related discipline or

		experience on the specific discipline in O&G	equivalent + professional certification + relevant experience + computer literacy
74	Work Planner (Electrical) (PCN-C)		
75	Work Planner (Mechanical) (PCN-C)		
76	Instrument Specialist (Expat) (PCN-C)	Min of 5 Years Experience; at least 3 years direct experience on the professional discipline in O&G	BSC, HND in relevant or related discipline or equivalent + relevant experience + computer Literacy
77	Mechanical Specialist (PCN-C)		
78	Electrical Specialists (PCN-C)		
79	Rotating Equipment Monitoring Specialist (PCI)	Min of 5 Years Experience; at least 3 years direct experience on the professional discipline in O&G	BSC, HND in relevant or related discipline or equivalent + relevant experience + computer Literacy
80	Mechanical QA/QC Specialist (PCI)	Min of 5 Years Experience; at least 3 years direct experience on the professional discipline in O&G	BSC, HND in relevant or related discipline or equivalent + relevant experience + computer Literacy
81	Spares Specialist (PCI)	Min of 5 Years Experience; at least 3 years direct experience on the professional discipline in O&G	BSC, HND in relevant or related discipline or equivalent + relevant experience + computer Literacy
82	Rotating Equipment Monitoring Specialist (PCO)	Min of 5 Years Experience; at least 3 years direct experience on the professional discipline in O&G	BSC, HND in relevant or related discipline or equivalent + relevant experience + computer Literacy
83	Mechanical QA/QC Specialist (PCO)	Min of 5 Years Experience; at least 3 years direct experience on the professional discipline in O&G	BSC, HND in relevant or related discipline or equivalent + relevant experience + computer Literacy
84	Spares Specialist (PCO)	Min of 5 Years Experience; at least 3 years direct experience on the professional discipline in O&G	BSC, HND in relevant or related discipline or equivalent + relevant experience

			+ computer Literacy
85	Work Planner MOBILE CRANE / HD Workshop (PMW)	Min of 7 Years Experience; at least 3 years direct supervision experience on the specific discipline in O&G	OND in relevant or related discipline or equivalent + professional certification + relevant experience + computer literacy
86	Work Planner MEI Workshop (PMW)		
87	Fabrication Project Engineer (Expat) (PMW)	Minimum BSC/HND in relevant field + minimum of Five (5) year's cognate relevant work experience within relevant areas in HVAC, cooling, refrigeration engineering.	BSC, HND in relevant or related discipline or equivalent + relevant experience + computer Literacy
88	Coded Welders (Expats) (PMW)	Minimum of SSSCE/WAEC + Trade test or City & Guilds Level one or above in Fabrication Welding & Pipe work + Vision Test Record, Coded for Carbon & Stainless Steels Pipe Welding to 6G (SMAW & GTAW) +Ability to interpret Welding Procedure Specifications (WPS)	SSCE or equivalent + trade test + relevant experience + international certification + prequalification
89	Fabrication Coordinator/Engineer (PMW)	Min of 5 Years Experience; at least 3 years direct experience on the professional discipline in O&G	BSC, HND in relevant or related discipline or equivalent + professional certification + relevant experience + computer literacy
90	Work Planner Fabrication (PMW)	Min of 7 Years Experience; at least 3 years direct supervision experience on the specific discipline in O&G	OND in relevant or related discipline or equivalent + professional certification + relevant experience + computer literacy
91	Tools storeman - LEAD (PMW)	Min of 7 Years direct maintenance experience (for SSCE) or 4 years for OND) on the specific discipline in O&G, demonstration of acquired skills	OND or equivalent + relevant experience
92	Tools storemen (PMW)	Min of 5 Years (3 years for entry level positions) direct maintenance experience on the specific discipline in O&G, demonstration of acquired skills	SSCE + trade test + relevant experience

93	Planning Engineers(PMN)	Min of 5 Years Experience; at least 3 years direct experience on the professional discipline in O&G	BSC, HND in relevant or related discipline or equivalent + relevant experience + computer Literacy
94	Work Planners(PMN)	Min of 7 Years Experience; at least 3 years direct supervision experience on the specific discipline in O&G	OND in relevant or related discipline or equivalent + professional certification + relevant experience + computer literacy
95	Materials Supervisor (PMN)	<ul style="list-style-type: none"> • Qualifications and Experience: Engineering Degree or HND in Engineering plus a minimum of 10 years experience in oil and gas installations associated with project technical design and construction. • Experience in development and production of work scope and cost estimating. • Extensive working knowledge of all relevant engineering standards and codes of practice relevant to work with NLNG. 	
96	Logistics Supervisor (PMN)	Min of 7 Years Experience; at least 3 years direct supervision experience on the specific discipline in O&G (SSCE plus Internationally Accredited Technical (Professional) Certification acceptable)	Must possess a minimum of OND. In any Discipline + computer Literacy +2 yrs. work experience in an Oil & Gas industry or related industry.
97	Storeman(PMN)	Min of 5 Years (3 years for entry level positions) direct maintenance experience on the specific discipline in O&G, demonstration of acquired skills	SSCE + trade test + relevant experience
98	Mechanical Coordinator(PMN)	Min of 7 Years Experience; at least 3 years direct supervision experience on the specific discipline in O&G (SSCE plus Internationally Accredited Technical (Professional) Certification acceptable)	BSC, HND in relevant or related discipline or equivalent + relevant experience + computer Literacy

99	Mechanical Engineer(PMN)	Must possess HND/B.ENG in Mechanical Engineering or any relevant Engineering Discipline + 5 yrs.	BSC, HND in relevant or related discipline or equivalent + relevant experience + computer Literacy
100	Electrical Engineer(PMN)	Must possess HND/B.ENG in Mechanical Engineering or any relevant Engineering Discipline + 5 yrs.	BSC, HND in relevant or related discipline or equivalent + relevant experience + computer Literacy
101	Instrument Supervisor/Verifier(PMN)	Must possess HND/B.ENG in Electrical Engineering, Electrical /Electronic Engineering, Chemical Engineering, Physics/Electronics Engineering, Marine Engineering, Mechanical engineering + 5 yrs. experience in an Oil & Gas industry in related field.	BSC, HND in relevant or related discipline or equivalent + relevant experience + computer Literacy
102	Material / Spare Parts Coordinator(PMN)	Min of 10 Years Experience; at least 5 years direct supervision experience on the specific discipline in O&G. With experience in spare parts interchangeability.	BSC, HND in relevant or related discipline or equivalent + relevant experience + computer Literacy
103	Planner / Scheduler(PMI)	BSc/HND in Engineering plus a minimum of 7 years experience. <ul style="list-style-type: none"> • Able to use key planning tools like Primavera and ERP systems. • Experience in development and production of work scope and cost estimating. • Extensive working experience in NLNG. 	BSC, HND in relevant or related discipline or equivalent + relevant experience + computer Literacy
104	Maintenance Coordinator(PMI)	Min of 7 Years Experience; at least 3 years direct supervision experience on the specific discipline in O&G (SSCE plus Internationally Accredited Technical (Professional) Certification acceptable)	BSC, HND in relevant or related discipline or equivalent + relevant experience + computer Literacy
105	Maintenance Coordinator (PMI)	Min of 7 Years Experience; at least 3 years direct supervision experience on the specific	BSC, HND in relevant or related discipline or

		discipline in O&G (SSCE plus Internationally Accredited Technical (Professional) Certification acceptable)	equivalent + relevant experience + computer Literacy
106	Work planners (PMI)	Min of 7 Years Experience; at least 3 years direct supervision experience on the specific discipline in O&G	OND in relevant or related discipline or equivalent + professional certification + relevant experience + computer literacy
107	QA/QC Engineer (PMI)	Min of 5 Years Experience; at least 3 years direct experience on the professional discipline in O&G	BSC, HND in relevant or related discipline or equivalent + relevant experience + computer Literacy
108	Logistics & Materials Supervisor (PMI)	Min of 5 Years Experience; at least 3 years direct supervision experience on the specific discipline in O&G.	
109	Mechanical Technicians (PMF)	Must possess a minimum of OND in Mechanical Engineering or City & Guilds Advance Diploma in Mechanical. Others eligible are B.Eng. in Mechanical, Marine, Petroleum, or related engineering discipline.	OND + Min of 5 Years (3 years for entry level positions) direct maintenance experience on the specific discipline in O&G, demonstration of acquired skill
110	Electrical Technicians (PMF)	Must possess a minimum of OND in Electrical Engineering, Electrical/Electronic Engineering, Physics/Electronics Engineering or City & Guilds Advance Diploma in Electrical installation. Others eligible are holders of HND/B.Eng. in Mechanical, Marine, and Chemical Engineering.	OND + Min of 5 Years (3 years for entry level positions) direct maintenance experience on the specific discipline in O&G, demonstration of acquired skill
111	Instrument Technicians (PMF)	Must possess a minimum of OND in Electrical Engineering, Electrical/Electronic Engineering, Physics/Electronics Engineering or City & Guilds Advance Diploma in Electrical installation. Others eligible are holders of HND/B.Eng. in Mechanical,	OND + Min of 5 Years (3 years for entry level positions) direct maintenance experience on the specific discipline in O&G,

		Marine, and Chemical Engineering.	demonstration of acquired skills
112	Snr Instrument Technician (Team Lead) (PMF)	Must possess a minimum of OND in Electrical Engineering, Electrical/Electronic Engineering, Physics/Electronics Engineering or City & Guilds Advance Diploma in Electrical installation. Others eligible are holders of HND/B.Eng. in Mechanical, Marine, and Chemical Engineering. Must be an NLNG PTW Holder.	OND + Min of 7 Years direct maintenance experience on the specific discipline in O&G, demonstration of acquired skills and computer literacy
113	Specialist Instrument work planner (PMF)	Min of 7 Years Experience; at least 3 years direct supervision experience on the specific discipline in O&G	OND in relevant or related discipline or equivalent + professional certification + relevant experience + computer literacy
114	Field Instrument work planner (PMF)		
115	Mechanical work planner (PMF)		
116	Electrical work planner (PMF)		
117	Specialist Instrument technicians (PTM)	Must possess a minimum of OND in Electrical Engineering, Electrical/Electronic Engineering, Physics/Electronics Engineering or City & Guilds Advance Diploma in Electrical installation. Others eligible are holders of HND/B.Eng. in Mechanical, Marine, and Chemical Engineering.	OND + min of 7 Years direct maintenance experience on the specific discipline in O&G, demonstration of acquired skills + computer literacy
118	Instrument Technicians (PTM)	Must possess a minimum of OND in Electrical Engineering, Electrical/Electronic Engineering, Physics/Electronics Engineering or City & Guilds Advance Diploma in Electrical installation. Others eligible are holders of HND/B.Eng. in Mechanical, Marine, and Chemical Engineering.	Min of 5 Years Experience; at least 3 years direct experience on the professional discipline in O&G
119	Snr Mechanical Tech (Team Lead) (PTM)	Must possess all relevant qualification, certification and relevant experience required for Mechanical Technician discipline in addition to being a certified NLNG permit to work (PTW) holder	OND + Min of 7 Years direct maintenance experience on the specific discipline in O&G, demonstration of acquired skills and computer literacy

120	Snr Electrical Tech (Team Lead) (PTM)	Must possess relevant qualification, certification and relevant experience required for instrumentation discipline in addition to being a certified NLNG permit to work (PTW) holder	OND + Min of 7 Years direct maintenance experience on the specific discipline in O&G, demonstration of acquired skills and computer literacy
121	Mechanical Work planner (PTM-D)	Professional Cert in M/E/I/C/F, etc. +Min of 7 Years Experience; at least 3 years direct supervision experience on the specific discipline in O&G	BSC, HND in relevant or related discipline or equivalent + Discipline certification + relevant experience + computer literacy
122	Electrical Work planner (PTM-D)		
123	Instrument Work planner (PTM-D)		
124	Specialist Instrument Work planner (PTM-D)		
125	Mechanical Work planner (PTM-E)		
126	Electrical Work planner (PTM-E)		
127	Instrument Work planner (PTM-E)		
128	Specialist Instrument Work planner (PTM-E)		
129	Instrument Supervisor (Expat) (PTM)		
130	Electrical Engineer (Facilities) (ESD)	Min of 5 Years Experience; at least 3 years direct experience on the professional discipline in O&G	BSC, HND in relevant or related discipline or equivalent + relevant experience + computer Literacy
131	Civil Engineer (ESD)	Min of 5 Years Experience; at least 3 years direct experience on the professional discipline in O&G	BSC, HND in relevant or related discipline or equivalent + relevant experience + computer Literacy
132	Electrical Technician (ESD)	Must possess a minimum of OND in Electrical Engineering,	Min of 5 Years (3 years for entry

		Electrical/Electronic Engineering, Physics/Electronics Engineering or City & Guilds Advance Diploma in Electrical installation. Others eligible are holders of HND/B.Eng. in Mechanical, Marine, and Chemical Engineering.	level positions) direct maintenance experience on the specific discipline in O&G, demonstration of acquired skills
133	Mechanical Craftsman (ESD)	Knowledge of Mechanical plant equipment and maintenance. Knowledge and safe use of Basic mechanical tools. Ability to support maintenance of plant equipment e.g Pumps, Valves, Compressors, Fans, blowers etc. Basic HSE knowledge and compliance with company safety guidelines and Procedure.	1. Minimum SSCE 2.Trade Test 3. 1 year Cognate experience
134	Carpenter Craftsman (ESD)	Knowledge of carpentry equipment and operation. Knowledge and safe use of Basic woodworking and carpentry tools. Basic HSE knowledge and compliance with company safety guidelines and Procedure.	1. Minimum SSCE 2.Trade Test 3. 1 year Cognate experience
135	Plumber Craftsman (ESD)	Knowledge of plumbing equipment and operation. Knowledge and safe use of Basic plumbing and utility piping tools. Basic HSE knowledge and compliance with company safety guidelines and Procedure.	1. Minimum SSCE 2.Trade Test 3. 1 year Cognate experience
136	Pipeline Engineer (PGM)	Min of 5 Years Experience; at least 3 years direct experience on the professional discipline in O&G	BSC, HND in relevant or related discipline or equivalent + relevant experience + computer Literacy
137	Pipeline Maintenance Coordinator (PGM)	Min of 7 Years Experience; at least 3 years direct supervision experience on the specific discipline in O&G (SSCE plus Internationally Accredited Technical (Professional) Certification acceptable)	BSC, HND in relevant or related discipline or equivalent + relevant experience + computer Literacy
138	Pipeline Maintenance Supervisor (PGM)	Must possess HND/B.ENG in relevant engineering discipline and relevant professional certification e.g. NACE + 5 yrs.	BSC, HND in relevant or related discipline or equivalent + relevant experience

		experience in an Oil & Gas industry in related field.	+ computer Literacy
139	Utilities Supervisor (PGM)	Min of 7 Years Experience; at least 3 years direct supervision experience on the specific discipline in O&G (SSCE plus Internationally Accredited Technical (Professional) Certification acceptable)	OND + relevant experience + computer literacy
140	Electrical Supervisor (PGM)	Must possess HND/B.ENG in Electrical Engineering, Electrical /Electronic Engineering + 5 yrs. experience in an Oil & Gas industry in related field AEP(Authorised Electrical Personnel) for High Voltage	BSC, HND in relevant or related discipline or equivalent + relevant experience + computer Literacy
142	Senior Electrical Technicians (PGM)	must possess a minimum of OND in Electrical Engineering, Electrical/Electronic Engineering or City & Guilds Advance Diploma in Electrical installation. Others eligible are HND/B.Eng. in Electrical, or Electrical/Electronics	Min of 7 Years (3 years for entry level positions) direct maintenance experience on the specific discipline in O&G, demonstration of acquired skills
144	Mechanical Technician (PGM)	Mechanical Technician must possess a minimum of OND in Mechanical Engineering or City & Guilds Advance Diploma in Mechanical. Others eligible are B.Eng. in Mechanical, Marine, Petroleum, or related engineering discipline.	Min of 5 Years (3 years for entry level positions) direct maintenance experience on the specific discipline in O&G, demonstration of acquired skills
145	Mechanical Supervisor (PGM)	Must possess HND/B.ENG in Mechanical Engineering or any relevant Engineering Discipline + 5 yrs. Experience in an Oil & Gas industry	BSC, HND in relevant or related discipline or equivalent + relevant experience + computer Literacy
146	HVAC Engineer (Expat) (PIE)	Minimum BSC/HND in relevant field + minimum of Five (5) year's cognate relevant work experience within relevant areas in HVAC, cooling, refrigeration engineering.	BSC, HND in relevant or related discipline or equivalent + relevant experience + computer Literacy
147	Electrical Technician (Expat) (PIE)	Must possess a minimum of OND in Electrical Engineering,	OND or equivalent + Min of 5 Years (3

		Electrical/Electronic Engineering, Physics/Electronics Engineering or City & Guilds Advance Diploma in Electrical installation. Others eligible are holders of HND/B.Eng. in Mechanical, Marine, and Chemical Engineering.	years for entry level positions) direct maintenance experience on the specific discipline in O&G, demonstration of acquired skills
147	HVAC Engineer (PIE)	Minimum BSC/HND in relevant field + minimum of Five (5) year's cognate relevant work experience within relevant areas in HVAC, cooling, refrigeration engineering.	BSC, HND in relevant or related discipline or equivalent + relevant experience + computer Literacy
